

WHITENING MENU

Pre-filled Disposable trays and Bleach pen for touch ups- \$85

Easy, quick, convenient way to whiten your teeth at home with these 7 day pre-filled disposable trays, they will mold to your teeth for maximum comfort and effectiveness. You will also get a bleach pen for touch ups on the go. (The trays are 11.2% hydrogen peroxide, mint flavored and the pen 9% hydrogen peroxide)

Take-Home custom Trays- \$250

These trays will be custom made just for you. This option includes upper and lower custom fitted clear whitening carriers which are made from models of your teeth and 4 tubes of our professional bleach, for easy at home use for years to come. The bleach product is available in multiple strengths, depending on your whitening needs. Additional bleach is available for \$15 a tube as needed.

Whitening Strips- \$85

Our kit includes 42 upper and lower 30 minute treatments; they are single use and disposable. On the go or at home, these strips will give you a white smile anytime, anywhere. The retail products have half as many strips and are not as strong as what is available professionally. (14% hydrogen peroxide)

In Office Whitening- \$350/ w Custom Trays

This option will be good for one office visit of in-chair bleaching and one bottle of pre-vent toothpaste for at home use. This fee also includes the take home custom trays and whitening kit. (The bleach used is 38% hydrogen peroxide)

Any type of bleaching product can cause tooth sensitivity
